

A high-contrast, black and white photograph of a Maserati engine cover. The central focus is the iconic trident logo, which is a three-pronged fork with a crown on top, mounted on a dark, rectangular plaque. Above this plaque, the word "Maserati" is written in its signature script font, with a small trident icon above the letter 'i'. The engine cover itself is dark and has a textured surface. On either side of the central plaque, there are two sets of four spark plug caps, each with a distinctive curved, ribbed design. The lighting is dramatic, highlighting the metallic surfaces of the spark plug caps and the trident logo against the dark background of the engine cover.

MAINTENANCE PROGRAM

PREMIUM PERFORMANCE *Perfect* PEACE of MIND

The immersive joy of driving a Maserati is best enjoyed without interruption – regardless of how far you travel, or how fast you choose to drive.

This is why we created a dedicated program, which offers the choice of two pre-paid maintenance packages for the Quattroporte, Ghibli and Levante.*

With these, you can be sure that your vehicle is kept in superb condition, for exceptional performance, efficiency and safety mile after mile.

There's also the peace of mind that comes from fixed prices and the fact that all work is carried out by skilled Maserati technicians at official Maserati dealerships using Maserati Genuine Parts.

*Hybrid models version included.

Immersive JOY, WITHOUT INTERRUPTION

PREMIUM

This program covers all the inspections and component or consumable replacements detailed in your car's Maintenance Schedule - which you can find in your Owner's Manual.

PREMIUM PLUS

This builds on the Premium package* by adding the front and rear brake pads, front and rear brake discs, and driver-side or passenger-side wiper blades.

Both programs - which cover up to three services in Australia and New Zealand - can be transferred by the first owner, so all benefits are passed on if there is a change of vehicle ownership.

*Additional components included in the Premium Plus program may be replaced once only during the program's duration.

THOROUGHLY REASSURING

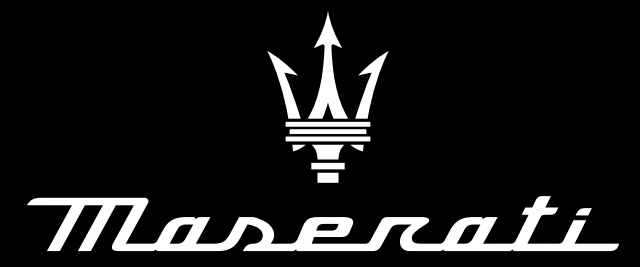

The Maserati Maintenance programs cover all the inspections and replacements outlined in your car's official maintenance schedule. Work is always carried out by highly qualified and technically advanced Maserati personnel.

PRICING CERTAINTY

The fixed pricing structures in our programs mean you always know what you'll be paying for spare parts, consumables and labour. That way, there are no unwelcome surprises.
