

MASERATI **DRIVING
EXPERIENCE**

GT Pro

SPEED AT ITS MOST EXTREME.

The most advanced Master Maserati Experience with the most powerful Maserati lineup ever. This exhilarating full-day course has been designed for drivers who want to take their technical skills and confidence to new heights. The course includes both theory and multiple driving sessions with Maserati's top-performing models. Both the 550-HP GranTurismo Trofeo and 630-HP MC20 super sports car are powered by the revolutionary, 3-liter, twin-turbo V6 Nettuno engine.

Throughout the day, our team of professional instructors will work closely with you to analyze your performance. They will review driving parameters such as steering angle, braking pressure, gear shift patterns and throttle use, to help you advance across the board. By the end of the day, you'll be amazed to see how much your driving has improved and how the gap between your actual lap and ideal lap has shrunk.

This day-long training program climaxes in two challenges: the drag racing contest, where participants compete side by side along the main straight of the circuit in an acceleration test; and the GT race simulation to live the thrill of a GT competition as co-drivers on board the MC20.

At the end of a riveting day on the track, drivers with the best rankings will receive awards during a closing ceremony, rounding out the experience with one final rush of emotion.

MASTER MASERATI
DRIVING EXPERIENCE

FULL DAY PROGRAM

- 8.45 am** Arrival at the circuit and registration of participants.
- 9.00 am** Essential theory session focused on:
- Driving seat position and correct use of the car's controls
 - Racing lines
 - Braking procedures
 - Visual targeting
- 9.30 am** Warm up sessions: start of dynamic activities.
Demonstration lap with a professional driver, followed by each participant's first driving session. Circuit familiarization: braking zones, racing lines, points of acceleration out of corners.
- 10.30 am** Split of participants in groups. To minimize waiting time, activities take place on a rotational basis. First part of multiple driving sessions per driver with MC20 and GranTurismo Trofeo, with onboard video recording for later analysis. This allows the instructor to monitor how well the exercises have been carried out and to evaluate the participant's progress. Individual analysis of telemetry data with the instructor and ability contest.
- 12.30pm** Buffet lunch at the circuit restaurant.
- 1.30pm** Drag race contest where the participants will compete side by side, along the main straight of the circuit in an acceleration test.
- 2.30pm** Second part of multiple driving sessions per driver with MC20 and GranTurismo Trofeo, with onboard video recording for later analysis. This allows the instructor to monitor how well the exercises have been carried out and to evaluate the participant's progress. Individual analysis of telemetry data with the instructor and ability contest.
- 4.30pm** GT Race Simulation. The professional drivers will do a GT race simulation with the participant sitting in the passenger seat in which the participant can experience the excitement of the highlights that take place in a GT race.
- 5.30pm** End of dynamic activities: farewell and certificate ceremony.

* Please note that the timetable and program may be subject to change

We look forward to seeing you at the track:
Autodromo Riccardo Paletti, Strada per Fosio, 1 43040 Varano de' Melegari (PR), Italy.
